WEBINAR SUMMARY

The HDPE pipe industry has been led by the science developed and articulated by the Plastics Pipe Institute for three decades. During that time PPI has developed a series of technical notes and technical reports that dive deep into issues important to designers and specifiers of HDPE pipe systems. PE Alliance experts will present the most important notes and reports and explain them in detail. This program is 75 minutes and will begin with a 7 minute technical note before the hour

Advanced Registration Required.
