WEBINAR SUMMARY

XXL pipe Deep Dive: Join the PE Alliance experts as they explore the latest in HDPE XXL pipe developments. The hottest market segment in the HDPE pipe world is the irrigation and large diameter transmission main area where HDPE is tackling open trench transport and legacy materials with smooth wall pressure pipe. This 75 minute will address the 2 meter and above diameter range where South Carolina pipe maker AGRU specializes. The HDPE experts will cover one specific project in detail covering pipe manufacture and transport, design basics and challenges and installation methods and commissioning. Sign up at the usual place <https://pepipe.org/events/>

Advanced Registration Required.
