

# HDPE: AS DESIGNED VS. AS BUILT

Sponsor

# SECOR

Wednesday April 16th  
2:00 PM EST

WANT TO LEARN MORE  
ABOUT REHABING  
EXISTING CONCRETE  
LINES WITH HDPE?

**THIS ADVANCED, HDPE-  
ORIENTED, FREE  
WEBINAR IS FOR YOU!**

- Access to national HDPE experts
- Content from our highly successful roadshow events in a webinar format
- CEU/PDH available (dependent on your state's requirements)
- Session lasts 75 minutes

**ONLINE VIA ZOOM**

**REGISTER HERE**

## WEBINAR SUMMARY

As every engineer and municipal owner knows, things don't always go as planned. The HDPE pipe world is no different. Hear from the field experts about projects and situations that definitely worked, but a few challenges were encountered. Participants will develop a firmer understanding of the knowledge that is needed in the field to ensure that the pipeline goes in the ground in the manner intended. This is a great one to watch on [YouTube](#) as well. However you want to capture the content, be our guest and let us know how we are doing by sending a note to [info@pepipe.org](mailto:info@pepipe.org) CEU/PDH offered, just stay until the end and respond to the question. #fuseitorloseit

**Moderator: Peter Dyke**, Executive Director, Alliance for PE Pipe

**Speakers: Chris Weight** SECOR, **Dave Mosier** Core & Main and special expert **Stephen Boros** Pipeline Plastics

**Advanced Registration Required.**
