

# ENGINEERING HDPE PROJECTS: TOP TEN QUESTIONS

## Sponsors

**CALLING ALL WATER &  
WASTEWATER OPERATORS,  
SUPERINTENDENTS AND  
ENGINEERS - THIS ADVANCED,  
HDPE-ORIENTED, FREE  
WEBINAR IS FOR YOU**

*Wednesday, March 11th  
2:00 PM EST*

**ONLINE VIA ZOOM**

## WEBINAR SUMMARY

- Access to national HDPE experts
- Content from our highly successful roadshow events in a webinar format
- CEU/PDH available (dependent on your state's requirements)
- Session lasts 75 minutes

Register for the second session in the 2026 series of HDPE webinars, proudly provided by the Alliance for PE Pipe. The Alliance's engineering team helps hundreds of engineers and owners figure out how to use HDPE pipe better, more appropriately, and easily.

- The issues the Alliance covers in their practice ranges from simple questions on butt fusion and pipe flexibility to complex engineering consultation for a long raw water runs.
- The Alliance team selected the top ten most important and frequent questions with a few honorable mentions which we will share along the way.

Do you have a specific question? If you have a particular question or issue you want us to address, send Brian Swanson, PE an email ahead of time to [bswanson@pepipe.org](mailto:bswanson@pepipe.org).

**Moderator:** Peter Dyke, Executive Director, Alliance for PE Pipe  
**Speakers from the Alliance for PE Pipe:** Alan Ambler, P.E., M.ASCE; Dan Landy; and Brian Swanson, P.E.

**Advanced Registration Required.**
