WANT TO LEARN MORE
ABOUT THE MOST
INNOVATIVE AND PRACTICAL
HDPE PRODUCTS?

**THEN THIS ADVANCED, HDPE-
ORIENTED, FREE WEBINAR IS
FOR YOU!**

**ONLINE VIA ZOOM
REGISTER HERE**

WEBINAR SUMMARY

Under the theme “You don’t know until you know,” the Alliance highlights some of the most innovative and practical HDPE products from our members; tools, gear and specialty products that make job sites safer, more efficient and more productive. Once you learn about these products, you’ll want to specify them on future projects. Featured products include HDPE sweeps, mechanical couplings, squeeze tools, bead trimmers, MJs, mechanical transitions, repair fittings and unique molded and electrofusion fittings. This first-time offering also showcases real-world projects that put these specialty products to work. CEU/PDH credit available—just stay through the session and answer the closing question. **#fuseitorloseit**

Moderator: Peter Dyke, Executive Director, Alliance for PE Pipe
Speakers from: Pipestar, GF, Nupi, IPP, Robar, AGRU, Footage, R&L, Strongbridge

- Access to national HDPE experts
- Content from our highly successful roadshow events in a webinar format
- CEU/PDH available (dependent on your state's requirements)
- Session lasts 75 minutes

Advanced Registration Required.
